CARPENTIER KNOCKED OUT IN FOURTH; HOOK TO CHIN DOES WORK

End Comes to French Champion Soon After Beginning of Fourth Round; Dempsey Gives European Heavyweight Terrific Beating, Crowding Him Every Minute of the Brief Battle.

NINETY-ONE THOUSAND PERSONS WITNESS EXHIBITION

JERSEY CITY, July 2.—Jack Dempsey, the world's heavyweight champion, knocked Carpentier out in a few blows after the fourth opened, sending Carpentier to the canvas with a short right hook to the chin.

The actual time of fighting in the fourth round was one minute and 16 seconds.

Previous to the knockout Carpentier was floored with a left to the body and a right to the chin.

Carpentier took the count of nine before springing to his feet where the grim determined Dempsey measured him with a punch to the chin which ended the battle.

Dempsey stood over the fallen French idol until the count was finished and then tenderly picked up the bleeding and dazed Frenchman and dragged him to his corner.

He gave Carpentier an unmerciful beating. He opened a cut under the Frenchman's eye and battered him so viciously around the head with vicious rights and lefts until Carpentier's face was swollen and bleeding. Carpentier fought gamely back at the champion but he was outclassed. Once he was knocked and pushed half through the ropes and most of the time was going away from the champion, Dempsey kept going after him, driving him to the corner whenever he had an opportunity.

Carpentier was out only for a few seconds. Manager Desamps applied the first aid as quickly as the dazed Frenchman could be moved. Carpentier was dropped into his chair.

Police immediately climbed into the ring and made a path for the champion and Carpentier to go to their dressing rooms.

When Dempsey left the ring, the crowd which was packed around the arena, crowded the arena was on its feet.

shedding its coat and it soon became a snarl.

Just before the third preliminary started Governor Edwards entered the arena.

"Hall to the chief," cried the announcer and the crowd hailed, showing its first enthusiasm of the day.

Announcement was made at 1:30 that the house was sold out, meaning that the 31,306 seats were occupied.

RINGSIDE, JERSEY CITY, July 2.—Gates to the big fight opened at 9:45 and in popped a crowd.

Through the entrance on each side of the big wooden "cage" poured men, women and children.

They were all there to witness Jack Dempsey of America and Georges Carpentier of France do battle for the heavyweight honors of the world and the plumpest purse in history.

The early comers sat down to wait. They found just three things to do: Debate the weather prospects, which in the morning appeared dubious and in the afternoon seemed certain.

NO PAPER MONDAY
There will be no issue of The Courier Monday, Independence Day.

SPORTS LEADING FOURTH FEATURE IN CONNELLVILLE

Two Baseball Games During Day, Fistic Encounters at Night.

GREAT DAY AT DUNBAR

Most Elaborate Celebration in County Will Be at Dunbar Town, Beginning With Parade at 9 O'clock; Joint Church Outing at 11:30.

Although there will be no special program of events for a Fourth of July celebration in this city on Monday there will be attractions of various kinds, especially in sports.

The anniversary of the signing of the Declaration of Independence will be marked by what is expected to be the safest and sanest celebration ever had by the city.

While the small boy will enjoy his fireworks, the firing of them on the city streets is forbidden and this will confine the noise-makers to private property or vacant fields.

The sale of fireworks was heavy today but there was a noticeable absence of them during the past week compared with the usual pre-Fourth celebration.

In the sports line there will be two baseball games at Fayette field, one in the morning and the other in the afternoon.

Whitner, the cream of Westmoreland county's ball players will be the attraction. A number of games will be played at other places in the immediate region, and in fact it is hardly likely that a single diamond will be idle.

West Newton plays the Young Valley Independents at Dickerson Run.

In the evening there will be a boxing card at the Slavish ball, with three bouts.

Young Carmon of Charleroi and Eddie Carver of Pittsburgh will be the main event.

Those who are interested in ball games or boxing will find enjoyment at the city's theatre. Special attractions will be at all the pleasure houses on that day.

Many will go on picnics, either of some organization or little basket affair into the nearby woods.

Largest outing will probably be the joint picnic of the First Baptist Sunday school of this city and Mt. Ran.

It will be held at the latter place and a special train for the Indian Creek valley will leave the Baltimore & Ohio station here at 9 o'clock.

The annual picnic at the Moreland farm in Dunbar township is also scheduled for Monday. The outing is always a largely attended one.

The highest celebration in the whole county will probably be held at Dunbar where a complete program has been outlined by a committee appointed some time ago.

Special sport features will attract many to the furnace town and at night there will be fireworks.

Dunbar expects to eclipse all former efforts in the Fourth of July parade.

Parade will take place at 9 o'clock and there will be a ball game, races, flag raising, boxing and speaking.

At the Ore Mines another big Fourth of July celebration has been planned. The Ore Mines event is also an annual affair and is looked forward to each year. It is attended by persons from all around.

All business will be suspended for the entire day. Coming on Monday, the holiday gives everyone of a two-day vacation and some are joining these for a trip. There are many lovers of the woods who will depart this evening for the mountains to remain until Monday morning.

Others are planning long automobile trips and many will probably devote their time to fishing, bass season having opened in this state yesterday.

An excursion to Oak Park will be run by the Baltimore & Ohio railroad. This will attract many. Others will go to Shady Grove and Oxford parks on the West Penn cars.

State Police Investigate Mystery of Yauger Hollow

State police are investigating the disappearance in Yauger hollow, North Union township, Thursday of two negro junk gatherers, Leroy Derry, 24 years old, and James Moore, 14, both of Uniontown.

According to information received by the officers the two drove in the morning to Continental No. 1 and Continental No. 2 and in the afternoon to Yauger hollow. They were seen to enter the hollow, it is said, but have not been seen since, nor has trace been found of their horses and wagon.

CHECK RAISER IS TURNED OVER TO COUNTY OFFICERS

Alleged Accomplices of Young Man Taken at Mount Pleasant Not Found.

Special to The Courier.

MOUNT PLEASANT, July 2.—Charles McClellan, of Oil City, who yesterday confessed to bank officials and civil officers that he had raised a draft on a McKeese bank from \$8.00 to \$80.00 and had attempted to cash it at the Citizens Savings & Trust company bank, was turned over to the afternoon to District Attorney N. A. Cort and removed to Greensburg.

Neither a man McClellan told the officers came to town with him, nor another he referred to as the "brains" of an alleged gang of check manipulators had been arrested today. The one who came with him McClellan described as wearing dark clothes and a soft hat and having the appearance of a foreigner.

McClellan said he knew him only as "Rufus" and that his home was at Penn station.

The alleged "brains" of the gang is known as Burton and answers to the name "Burt." McClellan said, according to the officers, he is said to drive an Auburn car; is tall in color; is five feet, eight inches tall and rather heavy, with dark wavy hair; wears a blue serge suit and soft hat and is described as "good looking" and well dressed.

It is said McClellan told the officers there was a woman in the case, also. McClellan's work in raising the draft, presented at the Citizens bank, was described as excellent.

The draft was filled in with a check protector of the performing type, but McClellan, managed with pen and three colors of ink to work in the letter "Y" after the word "draft" and to remove the words in "eight cents" by widening the final letter in "eight."

In all his operations McClellan used the same sum, or at least the same number of dollars, eight. His plan was to go to one town and buy a draft on a number of them and then go to another town and "open an account."

During the draft cashed and depositing a small part of the money. The "draft" is still in each bank thus working, McClellan steering clear of that institution thereafter. All the checks and drafts secured in Connellsville were cashed in Uniontown and Greensburg banks.

EAST HUNTINGDON TOWNSHIP TO GET NEW HIGH SCHOOL

Structure Will Be Erected on Ground Donated By J. Lyman Loucks.

TEACHERS ARE ELECTED

Special to The Courier.
SCOTSDALE, July 2.—East Huntingdon township will have a new high school. This decision was reached at a meeting of the board of directors held last night. The new structure will be erected at Alverton on a plot of ground given to the school district by Lyman Loucks.

The board has asked Dr. Driver of the state board of education to come to Alverton to look over the ground and make recommendations concerning the new structure. The high school there is growing each year and next fall there will be 55 new students enter. This will make a total of 135 on the roll of the classes in that building.

It is expected that bids on the new building will be received about March, 1923.

Teachers for the next term were also elected at last night's meeting. There are still a few vacancies, one of which is in the high school. Chester B. Murray was elected principal of that institution and two teachers under him will be Margaret Wehler and Gladys Freed.

Other teachers elected follow: Myrtle Love, Acme; Leona Shannon, Alverton No. 1; Burnette Shiro, Alverton No. 2; Ardella Gossard, Alverton No. 3; Mary Hixson, Alverton No. 4; Edna Francis, Bethany; Ruth Dorsey, Brownstown No. 1; Gladys Cowan, Brownstown No. 2; Charles Myers, Chapel; Ivy Butler, Cross Roads; Edgar Weiland, Iron Bridge; Mary Horst, Independence; Grace Miller, Hawkoye; Carl Fritts, Pelgare; Fern Rose, Morewood No. 1; Ruby Albright, Morewood No. 2; William Henderson, Nebo; Euter Carlson, North Scottsdale No. 1; Goldie Bergstrom, North Scottsdale No. 2; North Scottsdale No. 3, vacant; Grace Baker, Rankin; Doris Hager, Ruffsedale No. 1; Hazel Cowan, Ruffsedale No. 2; Maud Smith, Ruffsedale No. 3; Edgar Myers, Ruffsedale No. 4; Maud Steele, Strohma, No. 1; Strohma No. 2, vacant; Mary Sillman, Tarrs, E. W. No. 1; Hemmaline Frick, Tarrs, E. W. No. 2; Anne Ritchie, Tarrs, E. W. No. 3; Mary Galley, Tarrs, W. W. No. 2; Marie Rose, Tarrs, W. W. No. 1; Hazel Shilday, White No. 1; Gladys Pyle, White No. 2; Margaret Sillman, Willow Row, No. 1; Helen Martinus, West Overton.

The salary scale was fixed as follows: For those holding provisional certificates, first year, \$75 per month; second year, \$85 per month; third year, \$95 per month. For those holding professional certificates: First year, \$105 per month; second year, \$115 per month; third year, \$125 per month. Teachers holding permanent certificates will receive \$120 per month.

Fraud in Securing Divorce Charged to Connellsville Man

Attorneys Myer Morris of Scottsdale and Nicholas Rosenberg of Uniontown have filed a petition in court in Uniontown, asking that the decree granted E. Paul Zanes for a divorce from Mrs. Zanes, be set aside on the grounds of fraud. The attorney representing Mrs. Zanes, who now resides in Scottsdale, was not notified of the proceedings. Zanes is a resident of this city.

Scottdale Sheet Mill to Be Put in Operation on Tuesday

Steel Corporation Plant Idle Since May 28 and News Is Welcome.

M. E. CAMP DAM WASHED AWAY

High Water of Jacobs Creek Means High Stones from Place; Is to Be Rebuilt at Once; Baby Clinic to Be Continued Indefinitely

Special to The Courier.
SCOTSDALE, July 2.—Announcement was made Friday that on Tuesday operation will be resumed at the plant of the American Sheet & Tin Plate company. The plant has been closed since May 28.

Employees were prepared for an indefinite suspension and therefore the news was the cause of much relief and general satisfaction.

Furthering Learning Anniversary.
The general committee in charge of the anniversary celebration for Rev. M. A. Lambing, to be held July 13, is holding weekly meetings and already definitely arranged some of the matters pertaining to the banquet. It is thought now that this will be the largest gathering of this kind in the history of the Scottdale community.

Camp Dam Washed Away.
The heavy rains have put Jacobs creek on the rampage. The Methodist Episcopal camp at Laurelville is located along the creek and the new swimming dam, just completed, was torn out by the water, stones that seemed too heavy to be lifted by several men were washed out of place and the dam completely destroyed. Work will be begun soon on a new dam.

Among those now staying at the camp are Mr. and Mrs. C. Lee Melling and family, Mr. and Mrs. A. B. Loucks and family, Mr. and Mrs. M. Newcomer and family, Mr. and Mrs. Judson Strickler and family, Mr. and Mrs. T. J. Hill and family, the Charles Carroll family, Catherine Wedell, Louise Jennewine, Helen Griffin, Betty Eckley, Howard McKee, Ralph Sherrick and Mrs. A. L. Porter.

At the Theatres

THE SOISSON.

"THUNDER ISLAND"—A stirring picture of tropical love and adventure, the feature attraction today, presents Edith Roberts in a dual role, that of Isola Garcia and Juan Garcia. "Thunder Island" is a roaring, rumbling, crackling drama of a little Mexican shepherdess' encounter with a mock love, a sure enough lover, dark-skinned bandits, pirates of the pearl fisheries and treacherous mariners. The story was written by Beatrice Grimshaw as "My Lady of the Island" but Norman Dawn, the Universal director, took a photomontage license and shifted the action from the South Seas to the picturesque peninsula of Lower California, yet preserving the basic theme with additional punch.

A selected comedy is also included, Clara Kimball Young in "Straight from Paris," will be the attraction on the Fourth and on the following day.

THE PARAMOUNT.

"FINE FEATHERS"—A Metro picture featuring Thomas W. Ross, Claire Whitney and June Elvidge, is being shown today. The program also includes the third episode of "The Purple Riders," starring Jean Paige. "Fine Feathers" in a word, speaks for itself; it is wonderful entertainment from whatever angle you view it. The plot is well constructed, there is a play within a play, and the contrasts are strikingly remarkable. It bears the deft touches characteristic of the successful stage play from which it was adapted; Eugene Walter's piece of the same name. But despite the problem it sets forth, it is not a problem picture, but an exciting drama pulsating with life and movement, rich in climaxes and surprises. "The Smart Set," starring Jean Novak, will be the leading attraction on the Fourth and will also be shown on Tuesday.

THE ORPHEUM.

"THE HIGHEST LAW"—A Ralph Ince production, and a "Fatty" Arluckle comedy are the feature attractions today. The story of "The Highest Law" is an original by Lewis Allen Browne and it tells in a most interesting and entertaining manner the eventual career of an old soldier who fought under Grant. The opening scene takes place in the present day in New York City during a Memorial Day anniversary. An old C. A. R. is noticed by a couple of "doughboys" to be reverently gazing at a statue of Abraham Lincoln. They strike up a conversation with the old man and he tells them why he is so impressed with the marble monument. Then follow a series of stirring scenes of the days of '61, when brother fought against brother.

THE ORPHEUM.

"THE SINS OF ROSANNE"—A Paramount picture, with Ethel Clayton, the beautiful actress, supported by Jack Holt and other well known players, will be the attraction on the Fourth at this theatre and will also be shown on Tuesday. The story centers around Rosanne, a beautiful young woman who lives with her parents near the Kimberly diamond mine. Rosanne is a Malay native, who saved Rosanne's life when she was an infant, she has received a mud craving for bright stones and the power to curse with misfortune those who meet her displeasure. Her desire for jewels leads her into a scheme to entangle them from the Kimberly mine. It is the man she loves, Sir Delmar Hamilton, who finally sets on fire the Kimberly mine, and after a series of adventures, Rosanne is proven innocent.

Perryopolis.

"PERRYOPOLIS"—Mrs. M. E. Hilsenburgh has returned home after visiting relatives at Marysville, Kan. Mrs. Edith Stewart spent yesterday with relatives at Star Junction. Mr. and Mrs. G. W. Robinson motored to Fayette City Wednesday evening.

Miss Miss Edwards of Vanderbilt was calling on friends in town Wednesday.

Price of Dewart was a business call in town Wednesday.

Stamp Collections and History.

Gumpes (see unfamiliar hypothesis of history may often be obtained by stamp collections, says the London Times. This is true of the series of pictorial postage stamps issued by the government of the Ukraine, some of which bear the portraits of famous Ukrainian heroes who are identified with the history of Little Russia. The temporary stamps printed in rose carmine, honor the Ukraine of Bogdan Khmelnytsky, the renegade Polish officer who led the Cossack revolt of 1653 and after vain attempts to establish himself as "modern and civilized ruler," finally entered the service of the tsar 20 years later.

HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial."—Mrs. Rose-ROBERT BLOCK, Box 542, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sinking spells, spots before the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman, and held in strict confidence.

HAGAN'S CARBONATED ICE CREAM for Your Children's Health

Prof. W. Paul Heath. The scientist who discovered the process for carbonating ice cream, making it 100 times purer and safer.

Your Children Should eat more ice cream

PROF. W. PAUL HEATH, a scientist who has devoted his life to making purer, safer food products, has discovered a way to make ice cream with a sterile, germ-proof atmosphere instead of with air as usually made. Hagan's Carbonated Ice Cream is 100 per cent safe. It is the finest ice cream to give to children.

Insist on Carbonated Ice Cream

ICE CREAM is the very finest food you can give to children. It is all the goodness of cream—its richest food element, in a most delicious form. You should give the children MORE ICE CREAM. It is the best food you can serve them, and if you insist on getting only Hagan's Carbonated Ice Cream you may be assured that it will be always super-pure.

What Carbonating Does

Carbonating ice cream makes it doubly safe. The reason is easy to understand. If you examine ice cream under a microscope you'll find that it is full of tiny bubbles, or air cells. It is these tiny bubbles which make ice cream easy to eat—without them it would be a solid, hard mass, like ice. In ordinary ice cream these tiny bubbles are full of air, common air, which is never quite pure.

Carbonated ice cream is made by substituting a sterile, germ-proof, pure atmosphere for the common air, making ice cream infinitely purer.

Carbonating adds flavor and zest to ice cream, just as carbonated water brings out the flavor of the syrups and fruit flavors in your ice cream soda. So carbonating ice cream gives it a richer, more fragrant, more delicious taste.

Ice Cream as a Food

Ice cream is the most perfect product of cream. It has all the richest food elements concentrated, and made delicious by the addition of fruit syrups. It contains the precious vitamins which are so essential to health and growth in children. So give the children all the ice cream they want. A dish of ice cream is as nourishing as a meal.

HAGAN'S "Different from the Others"

Ice Cream Is Carbonated

We have spent thousands of dollars to improve the quality of our ice cream and make it the purest and best ice cream made. We have adopted the Heathmade carbonating method of manufacturing ice cream. It costs us more, but we feel that this safeguard around the health of your children and yourself is worth every cent it costs us.

Insist on getting Hagan's Carbonated Ice Cream, whether you buy a dish at a soda fountain or ice cream store, or in bulk for home consumption. If your dealer hasn't it he can get it. Make him buy it.

ATTENDED TRIAL OF ASSASSIN

Services at Church of God Again Dis-
rupted With Because of Scarlet
Fever in Home of Pastor; Company
K to Hold Dance Monday Night.

Special to The Courier.
MOUNT PLEASANT, July 2.—Ham-
mon Smith, a negro resident of
Spring street, calls attention to the
fact that 40 years ago, July 2, falling
on Saturday as this does, President
James A. Garfield was shot in the Bal-
timore & Ohio railroad station in
Washington by Charles J. Guiteau, a
disappointed office seeker. The presi-
dent, who was waiting for a train to
New York, died September 19.

Mr. Smith recalled the gale that
had been planned in New York on the
occasion of the visit of the president
and how joy was turned into mourn-
ing.

Mr. Smith, who lived in M street,
Washington, told of attending the
trial and of two attempts on the life
of the assassin. There were 11 whites
and a negro on the jury, he said.

At Church of God.
On account of the pastor, Rev.
Sylvester Fulmer, of the Church of
God being under quarantine for scar-
let fever, there will be no services at
the church on Sunday except Sunday
school at 9:15.

At I. W. F. A. Conference.
Miss Loretta G. Palmer has return-
ed from Eagles Mere where she repre-
sented the Pittsburg college Y. W. C. A.
at the annual East Central Students' A.
conference. The conference was in
session 10 days, commencing June 20.
Nearly 100 delegates were present,
representing various colleges and
universities in the East Central divi-
sion.

How to Keep Baby Alive
And Well in Hot Weather

Hot weather takes the starch out of
most grown folks—it does more than
that to the helpless baby and the child
cutting teeth. Strict precautions must
be taken if they are to withstand the
weakening effect of prolonged heat
and drought. Many little children die
needlessly of diarrhoea during the
hot summer months, and in an effort
to prevent gastro-intestinal diseases
of children this summer, the State
Health Department has distributed
throughout the state the following
bulletin on the control of summer
diarrhoea.

The baby fed with its own
mother's milk has the best chance
to escape sickness.
If bottle fed, too much care can-
not be taken to have each bottle
perfectly clean and filled with

sterile milk.

The person preparing the milk
must have clean hands.
Keep everything about the baby
clean—food, self, clothes, bed,
room, home, yard, street—and he
will not get diarrhoea.

Never let a fly touch the baby,
his milk or anything that is his.
Stop all food as soon as a loose
stool is passed; give only boiled
cool water. Consult the doctor or
nurse.

Put the soiled diaper in borax
water. Wash it with soap and
water; boil dry in the sun, iron
and keep away from the dust.

On the hot days keep him in the
coolest place, in the thinnest
clothing—no garments; give him
plenty of cool boiled water.

TWO BASEBALL GAMES AND FIGHT CARD WILL FEATURE FOURTH OF JULY IN CITY

Whitney Will Play Coker Independents' Boxing in Evening.

Lovers of sports who will stay home over the Fourth will not be without plenty of sporting events to entertain them during the day and evening. Seldom has this city arranged such an attractive list of feature events. During the day two excellent games of baseball are scheduled to take place. The renowned Whitney team, which is considered one of the leading sides in this section of the state, is slated to cross bats with the Connellsville Independents. The first game is scheduled to start at 3 o'clock and the afternoon fracas will be called at 5 o'clock. In the evening, starting at 8 o'clock sharp, the Fayette Athletic club will put on its all star boxing show.

The baseball games will assuredly have a crowd of ball fans at Fayette field as Whitney is always a strong drawing card when slated to play the locals. No better game of ball was ever displayed than that which took place between these two rivals last year. This season will be no different from the one before. In fact everything points to a more bitter game between the two clubs. The two games that are to be played between these two stellar aggregations has no bearing on the schedule arranged to be played in the Fayette-Westmoreland league series.

The Independents will put out a strong aggregation. Whitney as usual will unquestionably display its usual brand of baseball for which it is noted. Two rattling good ball games are only one of the features that will entertain the local sports during the Fourth.

The evening's entertainment will be held at Starish hall, where the Fayette Athletic club will put on three all star boxing bouts which rate with the shows of any other city. The main encounter will show Eddie Car-

EDDIE CARVER

ver of Pittsburg, rated the peer of any lightweight in this section, in a clash with Young Carmen, the fast and aggressive battler of Charleston. Carver, who has gained a host of friends here through his fast style of battling, will oppose one of the best glove wielders in this country in the Mon Valley Matinee. Carmen has never been seen in action in this vicinity, but his reputation is known to every sport follower in the country.

The star bout between these two boys will, it is claimed, be the best affair of its kind that has ever taken

YOUNG CARMEN

place here. On a par with the stellar bout, two other bouts that will interest the fans are those between Johnny Pollock of Dawson, a hot favorite hereabouts, and K. O. Miller of Pittsburg. Pollock always can be depended upon to give the fans an interesting contest, and this affair will be no different than those during last winter.

In the other star engagement Billy Carter will be called upon to meet one of the best boys he has ever battled in Young Nixon of Washington, Pa. Nixon has to his credit a draw with Arthur Stigall, the Cumberland knockout, but Billy disregards these details when he means business. The show will start promptly at 8 o'clock.

TROTTER LOSES FIRST GAME IN PRICK LEAGUE. Trotter lost his first game in the Prick league yesterday to Leisenring No. 2 after having won 12 straight victories. The Trotter team was outshining a reputation for being invincible but some big playing and timely hitting by the visitors spelled defeat.

Leisenring No. 2 scored in the fourth, eighth and ninth, getting one run in each of those frames. It looked like Trotter might escape the threatening calamity in the last half of the ninth when Labiak doubled to left. E. Frazier popped out when Runsey, batting for Swope, drove one to left center that looked like a triple. Labiak started for home but Wilson, the left fielder, got under the ball and a double play was executed.

Yough Valley Has Two Games For July 4th

The Yough Valley Independents have arranged to provide entertainment for the sports of the lower river section and two games of baseball will be played with West Newton on the Fourth. Both will take place at the Dickerson Run Y. M. C. A. grounds. The morning game will be at 10 o'clock and the afternoon clash at 2:30 o'clock. Two of the best crowds of the season are expected Monday. Colonial No. 1 is the attraction at the "Y" park today.

ERA OF IMMENSE STADIUMS

Within Another Decade Every Large City in Country Will Possess Large Amphitheater.

It is predicted that within another decade every large city in the United States will possess a mammoth stadium, where football games and other athletic contests may be witnessed by crowds of from 25,000 to 50,000 persons.

Among those receiving letters as members of the University of Illinois track team awarded by the board of athletic control, was Fred H. Schlappriss of St. Louis.

The First Presbyterian church baseball team lost to the Christians at Fayette field last evening by a score of 5-1. The game was a hard fought affair. Berens aided in the victory.

The North End Tornados defeated the Morrell team at Morrell last evening, 11-8. The score was tied in the sixth and the locals won in the seventh, when three runs were batted in.

The Kiawdies lost a close game to Pennsville at Poplar Grove last evening, 6-1.

The North End Tornados would like to play two games abroad on the Fourth. Teams desiring games call Bell phone 261.

The Church league will hold a meeting at the Baltimore & Ohio Y. M. C. A. on Wednesday evening.

The Pittsburg Pirates hung up another victory yesterday, defeating Cincinnati 5-2. At the same time New York was unable to play on account of rain.

Triangle and Columbus Independent Teams at Morrell Field Sunday

With fair weather predicted, the contest between the Triangle club and the Columbus Independents at Morrell field, Sunday afternoon promises to attract a monster crowd of baseball fans.

The two teams represent the cream of baseball talent in the Connellsville region, and a hard-fought game is anticipated by followers of the two organizations.

The Triangle club is composed of most entirely of members of the Trotter team, leader in the H. C. Frick Coke Company league, which has been defeated in only one league contest this season. On the lineup for the Columbus Independents are some of the most prominent players of the local region, including Billy, Mullin, Pittchard and other big stars.

The game will be called promptly at 3 o'clock.

HOW 'BRICK' OWENS GOT HIS PECULIAR MONICKER

Few of the thousands of fans in baseball who have seen or heard of "Brick" Owens, American league umpire, know that he acquired his monicker when he was sixteen years old. Neither do they know how he acquired it, although many of them may guess right.

It all happened back in Independence, Mo., when Owens was umpiring in the old Western association. "Brick" has umpired since he was about able to toddle, and he made his decisions as fearlessly against his home town team as he makes decisions now.

In one of those tough decisions Independence got the worst end of the deal and an angered fan hurled a piece of red masonry, which struck Owens in the head. Owens, unfazed, went on running the game, but the man who hurled the brick was nailed at him a coppersmith which has had its lasting imprint on the world of baseball.

COZY HOME FOR SMALL FAMILY

Stucco Bungalow Has Charm and Appeal All Its Own.

MAKES A PLEASING PICTURE

Home Like This Would Engage the Worries Over Landlords, Rents and Leases—Plenty of Light and Ventilation.

By WILLIAM A. RADFORD.
Mr. William A. Radford will answer questions and give advice FREE OF CHARGE on all subjects pertaining to the subject of building, for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1527 Prairie avenue, Chicago, Ill., and only inclose ten-cent stamp for reply.

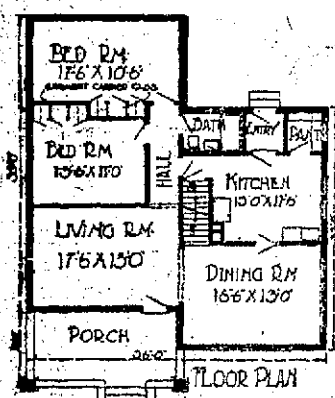

Uppermost in the thoughts of most families today is the question of home—where they are going to live—how much it will cost—and will they be able to pay. Thousands are practically facing eviction upon the expiration of their present leases in May. Their rents have been raised to a point where they can no longer pay and live, so they must move. Consequently they are in a nerve-racking dilemma. The possibility of their getting a new flat at a reasonable rate is very slim and they are confronted with a situation that demands considerable thought and worry. Many of them are turning to a sure source of relief, buying a home. In a home of their own their worries over rents, landlords, leases, etc., cease. They become independent citizens of a community; not wandering nomads and tent dwellers. And this can be done at less monthly outlay than if they attempted to rent an apartment.

Never was there a time when homes were needed as badly as they are at

the present. With thousands marrying each year, the number of new homes being erected to house them is sadly inadequate. It is estimated there are a million homes short in the United States. That is why every family should seriously consider the possibility of getting a home of its own. For the family of moderate means the bungalow affords an excellent shelter. It is small, comparatively inexpensive, and delightfully cozy and comfortable. Moreover, it is distinctly individual in design.

Such a home is the charming bungalow shown here with floor plans. Low rambling design, it forms a very pleasing picture with its immaculate white stucco exterior and exclusive front porch recessed under an extension of the roof. It gives an impression of blingness, but really is not as large as it looks at a glance, as the dimensions show. This bungalow home is 38 feet wide and 39 feet long on the longest side which includes the wing containing the rear bedroom.

The windows are unique and ample, insuring plenty of light and ventilation in all parts of the home. Two triple windows provide light for the dining room, a large cheerful room on the right front, 16 feet 6 inches by 13 feet. The porch is a few steps above the walk and very attractively surrounded by hand-sculpted balustrades and protected by an arch of the same material. The front door opens directly into the living room, the largest room in the home, being 17 feet 6 inches by 15 feet. The living and dining rooms are connected by a wide-open doorway. Leading from the living room is a narrow hall which gives access to the two bedrooms and is equipped with space-saving garment carriers which eliminate much of the waste entailed by old-fashioned clothes closets. Each bedroom has splendid ventilation facilities and window space. The rear bedroom has windows on two sides. Moreover, in being separated from the living rooms as they are, the people who wish to sleep are not disturbed by the noise from other parts of the house.

Directly to the rear of the dining room is the kitchen, modeled along the very latest ideas of home building in that it is small, compact, but complete in all details. The large awkward kitchen has no place in the modern home. They only mean extra work for the housewife because of their size. A small pantry is built out from the kitchen. A modern refrigerator cabinet, the latest plan in the world, is built into the kitchen.

Tri-State Candy Co., Inc.—Distributors

of their own, not only because of its picturesque appearance and charming interior arrangement, but because of its reasonableness in cost. It is free from any feeling of crowding, and a wonderful place for children. What most home-seekers need is the stimulus to make their ambitions a reality, and certainly a home like this will do much toward bringing this result about.

REAL "PRINCE OF DENMARK"

Hamlet Not Altogether a Creation of the Brain of the Greatest of English Writers.

Hamlet, the hero of Shakespeare's most famous tragedy, is a personage who appears in history, yet is half mythological, but has been transformed by the genius of the English poet into one of the most dominating figures of literature. It is shown that Shakespeare's Hamlet was suggested by the Hamlet, or Amleth, of

Saxo Grammaticus. The latter's "History of Denmark" had been published in Paris in 1514. Francois de Belleforest included the tale of Hamlet in his "Tragic Histories" (1570), an English translation of which appeared in 1608. Shakespeare's drama was written earlier than this last date and must have derived its plot either from De Belleforest's work or a translation, executed before the end of the sixteenth century, unless the poet, who, it is known, was a great reader of histories, took the incident direct from Saxo Grammaticus.

According to the Danish historian, Amleth was prince of Jutland; his father, the king of Jutland, had been murdered by his own brother, Hango, who took the throne and queen of the dead man. Hamlet, feigning madness to save his own life. He stabbed one of Hango's courtiers, sent to spy upon him, and for this purpose concealed himself under a mass of straw. He reproached his mother with her shameful second marriage to his uncle, and she promised to help him in avenging his father by putting Hango to death—a promise which she kept. These are the very incidents Shakespeare has selected for his play, sometimes emphasizing the points of the narrative, sometimes softening them or changing them in harmony with his own vivid conception of dramatic requirements. Shakespeare's "Hamlet" was first played in 1600 or 1601, and first printed in 1616.

President Eliot Was Carman.

Letters of Recommendation.
"Billy" Williams, United States consul-general of internal revenue, says a lawyer told him once that "a letter of recommendation does not evidence a man's ability, but merely signifies the amiability of the writer." That is about as solid a truth as one will see in a day's work. Every ready letter writer will agree to that. Many letters tell the truth about the man for whom they are written, but they rarely tell the whole truth. If there are unpleasant facts about the bearer of the letter, the writer has been discreetly and courteously silent in respect to them. It is not his business to argue and analyze. It is his job to give a friend a lift.—The Montgomery (Ala.) Advertiser.

Kindness Carried Too Far

Affection Unwisely Bestowed Has Given Birth to a Saying That Has Become Famous.

Kindness brought to the point of embarrassment or even harm leads us to say that the recipient has been "killed by kindness."

This phrase has been variously explained. One authority brings its origin back to the days before Christ.

Ancient history tells us of the death of Draco, the great Athenian legislator, and his ancient "code of laws." He died in 600 B. C. in this extraordinary manner:

Draco made an address in one of the great theaters in his native city. He was so beloved by his people and they were so eager to give him a triumphal demonstration of their devotion that they took their cloaks and other garments from their own shoulders and threw them on him as gifts.

The trouble was that in their wild enthusiasm they aimed so well that poor Draco finally succumbed under the weight and when the mountain of clothing was removed from him it was found that the old gentleman had breathed his last.

According to one authority, however, "killed by kindness" is a phrase used because of the fact that certain men are so good to their young that they clutch them so tightly as to smother them to death against their bodies.—Cleveland Plain Dealer.

Farmeritis.
The thing of living in the country is great.

First, all you need is a place to live in; and then a horse and a cow and some pigs and chickens.

Then, all you need is some feed for horse and cow and pigs and chickens, and a strong man.

But that's next; a strong man to feed them.

Then you need to read all the farmer books and government bulletins, and learn just how things should be done.

Then you need the nerve to go and

tell your man how to do everything, and the courage to watch him do it another way and ignore your instructions.

After that all you need is the gall to pretend that you did it, when a head comes up the way it was intended.

But, with all that, it's the life; and a fellow could stand it if it wasn't for the mortgage and paying the man and buying the feed.—Richmond Times.

New One to Her.
He dropped into a downtown candy store to make an inevitable purchase.

"What will you have?" asked the young lady behind the counter, smiling at her various chocolates, creams, caramels and others too numerous to mention even in the advertisements.

The purchaser happened to be especially fond of a certain sort of chocolate-coated cream. Pointing at a package of these, he said: "Put emphasis on this."

The girl looked blank for a moment, then replied, gravely:

"I'm sorry, we are all out of that."—Washington Star.

Almost Horseless.
Four horses yet dwell in Woodland, the seat of Yolo county, adjoining Sacramento, Cal. These are used for delivery purposes, a milk wagon, laundry bus, express wagon and vegetable wagon being the horse-drawn equipment of the city.

The fire department and all other business are motorized.—Motor Life.

No Wonder.
Friend—Why don't you paint your father in a striking attitude?

Artist—No, it wouldn't do—it would recall painful sessions in the woodshed.

What to Do When Bileous.
Eat no meats and lightly of other food. Take three of Chamberlain's Tablets to cleanse out your stomach and tone up your liver. Do this and within a day or two you should be feeling fine.—Advertisement.
